Dr. H. S. Kirby was a caller at
this office Tuesday and informed us
that the family has just erected a
beautiful monument to his uncle,
the late Henry S. Kirby of this
place. The monument is of the
Fredericksburg red granite, was
carved in the Nagel Brothers marble
yards at that place and erected in
the new cemetery here under the
direct supervision of Mr. Wm. Nagel
of that firm. Mr. Kirby expressed
himself as well pleased both with
the workmanship and the courteous
business manner of the firm.

Mr. and Mrs. H. L. Batterson
were in Hondo yesterday on busi-
ness. Mr. Batterson is Traveling
Service Representative of the Camp-
bell-Ewald Company, having charge
of the Chevrolet advertising. He
was well pleased with the local sit-
uation in so far as it concerns the
Chevrolet business and looks forward
to an increase in the business of their
local agency, C. R. Gaines & Son
are the Chevrolet dealers here.

The government's ginner's report
of Jan. 23rd gives 3,998,963 bales
of cotton of the 1925 crop as gin-
ned up to January 16, 1926, in Tex-
as. Up to a like date 4,757,866
bales of the 1924 crop had been gin-
ned. The figures for Medina County
were for 1925 1,897 bales and for
1924 7,455 bales.

A. Esser, the insurance man, is
back in Hondo after spending sev-
eral months in the Rock Springs
country. Mr. Esser says conditions
there are good, especially among the
sheep and goat men. The season
for spring shearing is close at hand
and a good clip of both wool and moh-
air is assured.

A NEW OIL FIELD OPENED NEAR HONDO.

After Almost a Year of Fruitless
Effort, Persistence is at
Last Rewarded.

OVER 200-BARREL PUMPER.

Hondo has a new Oil Field. The
persistence of Peter Johnson and his
backers of the Bisbee-Lampasas Oil
Co., has given it to her.

Oil was struck in the Ray Taylor
well, three and a half miles, south-
west of town last Saturday morning
at a depth of only 357 feet. The
discovery was kept quiet until an
opportunity to bail the well could
be had Monday. When put under
the bailer it was found that oil and
water stood at a depth of 175 feet
in the well and the running of the
bailer had no appreciable effect on it.

A pump was brought out from
San Antonio Wednesday and a five-
hundred barrel iron tank was brought
out on Tuesday night. Workmen im-
mediately got busy installing the
pump and erecting the tank and yester-
day the pump was going steadily,
throwing a bold stream.

Both oil and water is being pump-
ed from the well, the water being
variously estimated at from three
to twenty-five per cent. But even
with the water content, it is a con-
servative estimate that the well will
produce a 280-barrel per day producer.

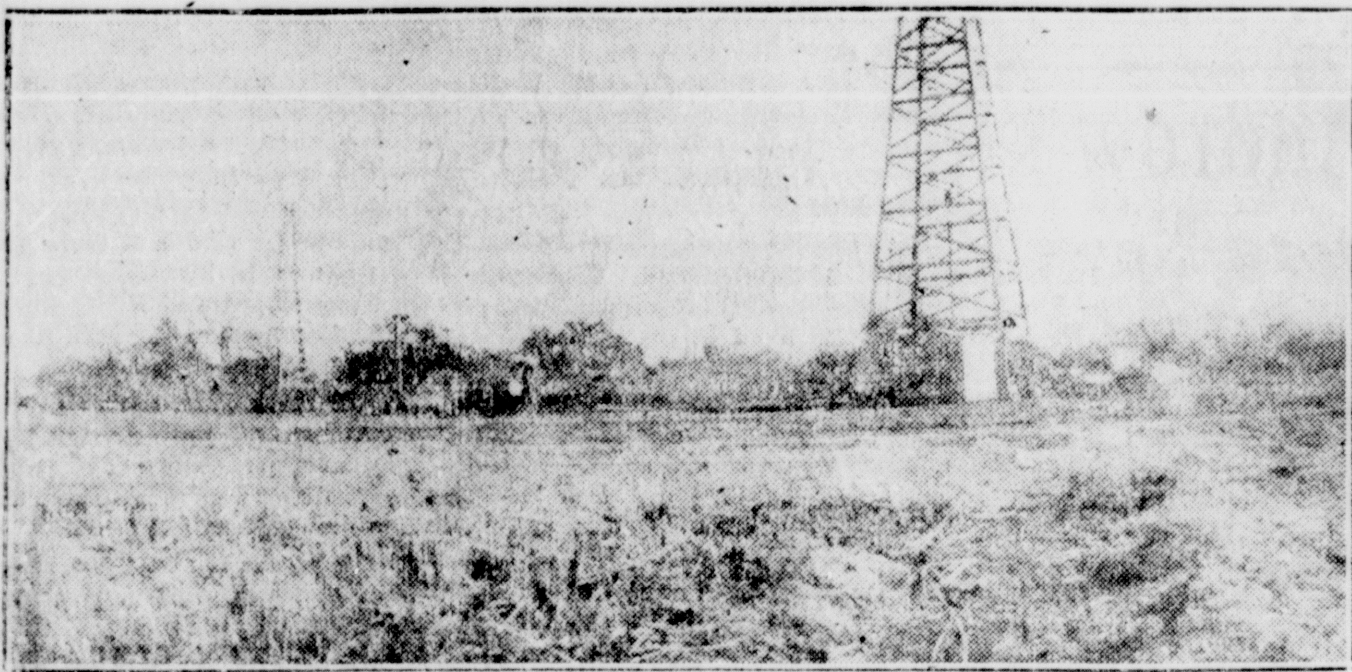

If the oil has been tested or an-
alyzed yet, we have not learned the
result, but it has every appearance
of being of good quality. The oil
emits considerable gas as it comes
from the well.

The finding of this oil some eight
or ten miles from the Ina field and
at a depth of only 357 feet, little
more than one third the depth of the
Ina wells, opens up an entirely new
field. Its proximity to Hondo, being
only about three and a half miles
southwest of town on an air line,
has created more interest and en-
thusiasm over oil prospects than
ever before. A great many new peo-
ple are noted on the streets of Hon-
do, the oil field being the mecca for
which all are headed.

Mr. Johnson came here about a
year ago from Lampasas County,
where he had the hard luck to drill
several dry holes. He set up his rig
on the Haegelin farm south of town

(Continued on Last Page.)

Ina Oil Field In Medina County Is Assuming Real Proportions.

Nine derricks can be seen from
one spot in Medina County in the
Ina field. They are shown in the
picture above, which was taken from
the lease of the Golden West Oil
Company. The derrick shown in the
foreground is one of the wells of
the Golden West Oil Company.
Others in the distance are of the
Gibson Oil Corporation and Eastham
& Tarver, and Arnett Oil Company.
Difficulties with the loose sand in
which the production is found in the
Ina field, and which cuts out the
leather cups about as fast as they
can be put in, has been holding back
the development of the field a little.
Pumps that operate on a different
system and do not use leather cups

are being experimented with.
Held back also by the bad weather
the first of the year that has made
roads impassable, the Ina field is due
for a big advance and development.
Operators have not expected that
the development of the field would
be under full headway before March
or April, due to lack of pipe line
facilities, and other hindrances that
always hold back a new field at the
first.

Major companies are giving more
attention to Medina at this time than
ever before, most of them having in
the past not considered Medina as
particularly good. With the later
developments the county is due for
a good play. The Buchanan-Tyrell

well is being looked upon with favor.
It is in the northwest corner of 528
and is about four or five miles west
and a little south of the Ina field
and the Grayburg test on the Globe
survey is about the same distance
still farther to the west and south.
The old Med-Frio test on the Poor
survey is another four or five miles
to the west and south.

Medina County got a little play
last year, but is promised consid-
erably more play this year. The Rothe
No. 1 north of the Southern Pacific
and in the western part of the coun-
ty, is about ready to set casing and
test at about 3,000 feet, and a new
test is to be made on the Reily
ranch farther to the west.

News or business matter for this page for the week's issue should be submitted to Mr. Huehner or mailed direct to us at Hondo not later than Wednesday night of each week.

Mrs. Robert de Montel left Saturday for San Antonio where she spent the first of the week visiting her children, Miss Mollie and Ralph de Montel.

Mrs. Fletcher Davis and daughters, Miss Anne and Lucy, Miss Lucille de Montel and little Miss Genevieve de Montel, were guests at the de Montel ranch Sunday.

Captain and Mrs. E. V. Behan returned out from San Antonio Wednesday. They were accompanied by Mrs. Robert de Montel who had been in San Antonio visiting relatives.

Chas. Dumont of Cliff was a Castroville visitor the forepart of the week.

Mr. and Mrs. John Trager were in the Alamogordo City the middle of the week on business.

Mr. Jos. Liebert is spending the week with relatives and friends in Hondo.

A little son of Mr. and Mrs. Al. Hogg was very sick with pneumonia for several days of the past week but we are glad to say he is getting along nicely at this writing.

Justice Court was grinding for a day today.

The box supper, which was to have been given at the Electric Park Hall Wednesday night, Jan. 27, for the benefit of the Public School, was postponed a week owing to the bad weather.

Born to Mr. and Mrs. Chas. Groff, Sunday morning, Jan. 31, a son.

INA OIL COMPANY IS RIGGING UP ON TWO NEW TESTS.

Ina oil company is rigging up on two tests in Medina County, one being west and the other north of the original discovery well of the Ina Oil Company on the Durst survey. No. 1 on the Moses Griffin survey No. 343 is in block 112 and is 150 feet each way from the north and west line of block 112. The other test to the north is in the William Bryan survey No. 20 and on the Mrs. Louis Graff farm. It is on the east side of the Hondo river and is 300 yards east of the west line and 150 yards north of the south line.

Both tests are now rigging up and will be drilling in a few days. Ina Oil Company got the first production in Medina County of commercial importance when it opened the Ina field on the Durst survey a couple of years ago. Bulk of the acreage close around the discovery well is now held by Magnolia, Texas, Golden West, Gibson and Eastham & Tarver.

The new test just west of the discovery well on block 112 of the Moses Griffin survey is about a mile and a half west of the discovery well. Ina Oil Company has blocked Medina County extensively clear, across the county and has another test planned several miles west of the Ina field which will be started soon.

F. A. Brown of the Ina Oil Company is convinced after several years of the closest study of Medina County and after drilling a number of wells, that some of the best production in South Texas is to be found there. The company recently sold a big block of acreage east of Hondo river to the Magnolia Petroleum Company, but the Ina Oil Company will continue to operate and will do considerable wildcatting through the section west from the Ina field.

Witherspoon Oil Company is rigging up on the Nixon land south and a little west of the new location for the Ina Oil Company. Boiler is on the ground and derrick up and rig going up.

Medina Oil Company on the Taylor farm south of Hondo is said to have a good looking shallow well at 357. It has not been completed and it may be necessary to cement the casing. There is some water, but a lot of oil also.—Wednesday's Express.

Lot No. 5, out of block No. 7, in the J. W. Miller Addition is for sale for cash. If you want to purchase a nice building site for a residence in Hondo see Fletcher Davis, Manager, HONDO LAND CO.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions.

HALL'S CATARRH MEDICINE consists of an Ointment which quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health.

DEVINE NEWSLETS.

From the Devine News.

BIGGEST LAND DEAL EVER MADE HERE.

The biggest single land deal, in dollars and cents, ever made here was consummated to the placing of a \$20,000. Certified check in the bank here, Friday, when, after telephoning and telegraphing between Devine and Chicago, one of the head financiers of Chicago, for the Irrigation Co., came here and in conference with local men, signed up with C. H. Melton for the sale of 2,500 acres of the irrigated lands; 1,500 of the same includes the Meadowood farms, north of the town, now being operated by Mr. Melton, and 1,000 acres of the land under irrigation between Lytle and LaCoste. The full particulars of the deal, price, etc., are not yet for publication, except that it figures around \$500,000.00 and a forfeit of \$20,000. has been put up by Mr. Melton, and contracts signed by the irrigation people. Mr. Melton is buying the Meadowood farms for his own use. It takes practically all the lands between Long Hollow and Chicon Creeks, along the highway. Mr. Melton has some large plans in view, and the fact that he has built up a million dollar business here in the plant line, bespeaks for his further success in developing these lands and making them produce stuff. It is rumored, and this deal seems to confirm the rumor, that the Company will sell in blocks of 1,000 to 5,000 acres to promoters and developers, and permit them to colonize, or develop as best suits the purchasers. We believe this will be the quickest way to get it sold and developed. We understand that Mr. Melton is thinking of planting several hundred acres to broom corn this season.

DUROC JERSEY DRESSED 747 POUNDS.

Pete Huegele killed a registered Duroc hog the other day that dressed 747 pounds. Mr. Huegele said he made 321 pounds of lard and 172 pounds of sausage and had 254 pounds of hog left. Figure this hog at prevailing prices for lard, sausage and bacon and you will find that he was worth around \$150. Mr. Huegele kills big hogs every winter, he finds that they pay better than scrubs and eat less according to size.

FROM YANCEY

Mrs. Ella Oefinger of San Antonio spent a few days with relatives here last week.

The newly born baby of Mr. and Mrs. Will Pierce died Tuesday and was buried here Wednesday.

Mr. Weekly and son, Earl, and daughter, Miss Mayme Weekly, visited their son and brother here last week-end.

Hondo and Yancey played a game of basket-ball on the Yancey court Wednesday for county championship. The game ended with the score 32 to 6 in favor of Yancey.

Mr. Bill Burgin of Mexico is spending some time with kinfolks.

Miss Thelma McCaughan left Thursday for San Antonio where she will take training for nurse. The Senior Class of the Methodist Sunday School gave her a farewell party at the home of Miss Thelma Crain. The evening was spent in playing games and candy making. A good time was reported by all present.

Mr. and Mrs. B. C. Rogers and Mr. and Mrs. F. D. Burgin and babe of Hondo visited relatives here Sunday.

Born: To Mr. and Mrs. Louis Faseler a boy Thursday morning, January 26.

A party was given at the home of Mr. and Mrs. Charles Ward Saturday night. A pleasant evening was spent in playing forty-two. Everyone reported a most enjoyable time.

FROM BIRY.

Mr. and Mrs. Albert Bilhartz and daughter Elva Bell spent Saturday in Hondo.

Mrs. F. J. Biry and children spent the week-end the guests of Mr. and Mrs. Emil Bippert of Castroville.

Mr. and Mrs. Louis Rihn and Tessie spent Saturday at Hondo.

Mr. and Mrs. Barney Moss of Yancey spent the week end with Mr.

and Mrs. Roy Breiten.
Mr. and Mrs. R. L. Nations and children of Somerset spent the week end here with Mrs. Nations' parents, Mr. and Mrs. Hugh Love.
Mr. Louis Rihn and family and Mr. Ed. Bader spent last Thursday evening in Devine.
Miss Nora Saathoff spent Saturday in Hondo.

Mr. and Mrs. Walter Elchorn spent Saturday evening in San Antonio.

Mr. Pete Schmidt and Mr. Authur Nixon spent one day the past week in Hondo.

Messrs. Geo. Bader and Ralph Bader spent part of the week in San Antonio.

Mr. and Mrs. Charlie Bywaters and little Bill from Devine were here one day the past week.

Miss Mary Burrell from Riomedina is spending a while here, with her sister, Mrs. Leonard Wernotte.

Mr. and Mrs. Gus Zimmerman.

Mr. and Mrs. Joe Zimmerman and children from San Antonio were the guests of Mr. and Mrs. Jacob Biry Sunday.

Mrs. Hortence Bilhartz from Pearsall and Mr. and Mrs. Robert Weynand and babe from Hondo were the guests of Mrs. Emma Haass Sunday.

In the matter reprinted from the Devine News is something that Hondo business men should read. With its editor's peculiarly suspicious nature, that paper thinks there is or may be an evil design lurking somewhere. Not because he has any occasion to give vent to his peculiar weakness but to acquaint Hondo people with his attitude towards the matter of roads to the oil field do we mix his little "fly" in his "ointment" of otherwise mighty good local news matter.—Hondo Anvil Herald.

One of the largest land holders in Medina County, a man on whose lands several wells have been and are being drilled, suggested this idea to us and we confess that it looks strange that the read is not opened, as directed. Hondo has the right and is using it well, to improve her roads and pull for the oil fields, midway between us. Hondo is our county seat town, we wish her well, and we believe that she reciprocates these wishes, as to the majority of her people; but there are a few men up there, some of them holding prominent positions, who would hinder rather than help Devine, so our people believe, and have just reasons to believe. We want the particular road opened and others as the oil field develops. Are we right?—Devine News.

Name the culprits, brother; and the fell reasons they have, given "your people" to think they are evil designed toward you. You owe as much in justice to the "majority of her (Hondo) people."

HIS FEVER AND SHAKIN' —
WERE ENDED BY MILES' LIVER PILLS

QUIHI NOTES.

Last Sunday the divine services at the Quibi and New Fountain Lutheran churches were well attended. At the conclusion of the service in the Quibi church an interesting annual report of the activities and standing of the congregation was made. In the New Fountain church Mr. Christian Nietenhoefer was installed as vestryman.

The Quibi Luther League rendered a very interesting program last Sunday night to an overcrowded and appreciative audience in Bethlehem Lutheran church. All numbers on the program were well rendered. Mrs. Henry Schuehle presided at the organ, and the church choir contributed toward making the program fine and interesting by the efficient rendition of several choice selections. The next program is scheduled to be given February 28th.

At the interesting annual meeting of the Quibi Luther League last Sunday night, besides attending to regular routine business, the following officers were elected: Mr. Alfred Oefinger, vice president; Mr. Walter Grell, secretary; Miss Bertha Oefinger, treasurer; Messrs. Frank Boehle and Arthur Grell, ushers. The following standing committees were appointed: Membership, Rolf Saathoff and Frank Boehle; program, the pastor and Miss Emma Nietenhoefer; lights, Messrs. Anton Grell, Rolf Saathoff and Arnold Reitzer; auditors, Mr. Frank Boehle and Miss Pauline Graff. This league is in a flourishing condition and offers excellent opportunities to the young ladies and gentlemen of this community to cultivate their literary and musical proclivities.

FORTY-TWO CLUB.

A Valentine idea was cleverly executed at the "42" party Thursday afternoon when Mrs. P. Jungman, O. H. Miller and Mrs. Henry were hostesses.

After drawing red heart-shaped cards from which peeped the happy countenance of Dan Cupid, the guests entered with zest into the afternoon's diversion. Sixteen games of "42" were played. Mrs. H. E. Miller held high score, having averaged fifteen of the sixteen games.

Miss Lena Stone and Willa Mae Barnes and Mesdames Theo. Barnes, J. Murray, Ray Jennings, A. N. and P. P. Brewster and F. S. were afternoon guests of the club.

After the games all repaired to "kitchen" where all had been made up with red and white flow-ers, Cupids and other signs of the season, and the hostesses served plate of fruit salad, potato chips and sandwiches with hot chocolate whipped cream to each guest, red baskets filled with heart-shaped mints as favors.

Besides the guests and hostesses following were present: Mesdames L. J. Brucks, Horace Brad-ley, Cameron, Fletcher Davis, H. Heath, Minkie Muennink, C. J. Garland, Garland Martin, R. J. W. O. Rothe, Alice Rein-hardt, Arthur Rothe, Earl Starnes, F. Schwere, C. J. Schuchle, Aug-ustin, H. E. Taylor, and Misses L. Brucks, Lorraine Heath and Minkie Muennink, Mrs. C. J. and Miss Lucille de will be hostesses at the next meeting of the club.

A TEST OF YEARS.

the Experience of This Hondo Resident.

Are you miserable with an aching head? Feel tired, nervous and run down? Do you have daily head-aches, dizzy spells and annoying disorders? Then why not try the advice of a Hondo resident who suffered as you do and found relief by using Doan's Pills. Here is a Hondo case that has years haven't changed. Why not try it?

P. H. Renkin, says: "My kidneys were disordered and acted up. I used Doan's Pills and entirely removed the trouble."

FOUR YEARS LATER, Mrs. Renkin said: "I still use Doan's Pills as my back or kidneys bother me they always cure the attacks."

Night Coughing Quickly Stopped

New Way Simple But Very Effective

Night coughing, with its distressing loss of sleep and dangerous sapping of strength and vitality, can now be almost instantly checked through a simple but wonderfully effective treatment that is economical, too.

This treatment is based on the famous prescription known as Dr. King's New Discovery for Coughs. For astonishing relief make this test tonight before retiring—Simply take one tea-spoonful and hold it in the throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the real cause of night coughing. So with the cause removed, coughing stops quickly and you sleep the whole night through.

The Dr. King's New Discovery prescription is for coughs, chest colds, sore throat, hoarseness, bronchitis, spasmodic croup, etc. Fine for children as well as grown-ups—no harmful drugs. At all good druggists. Ask for

MUST PAY LEAGUE FEE BY FEBRUARY 15TH.

For the first time in the history of the Interscholastic League there is a closing date before the County Meet for the payment of membership fees. The deadline date set by the Constitution and Rules this year is February 15, as provided in the note to Article III, Section I. All schools in this county wishing to enter the county meet should mail at once to the Interscholastic League the membership fee; rural schools of less than one hundred enrolled last year are due \$1; rural schools with one hundred or more enrolled last year are due \$2. Don't let the deadline date pass, February 15. Do it now, while you think of it.

GOING.
When things go wrong, as they sometimes will,
And the road you're trudging seems all uphill,
When the funds are low and the debts are high,
And you want to smile but you have to sigh,
When care is pressing you down a bit,
Rest if you must—but don't you quit.
Often the goal is nearer than it seems to a faint and faltering man;
Often the struggler has given up when he might have captured the victor's cup;
And he learned too late, when night slipped down,
How close he was to the laureled crown.
Success is failure turned inside out—
The silver tint of the clouds of doubt,
And you never can tell how close you are,
It may be near when it seems afar;
So stick to the fight when you're hardest hit—
It's when things seem worse that you must not quit.

No Worms In a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 75c per bottle.

Cramped and Suffered

"My back and head would ache, and I had to go to bed," says Mrs. W. L. Ennis, of Worthville, Ky. "I just could not stay up, for I would cramp and suffer so. I was very nervous. My children would get on my nerves. It wasn't a pleasure for me to try to go anywhere. I felt so bad. "My mother had taken

CARDUI For Female Troubles

at one time, so she insisted that I try it. I took four bottles of Cardui, and if one should see me now they wouldn't think I had ever been sick.

"I have gained twenty pounds, and my cheeks are rosy. I feel just fine. I am regular and haven't the pain."

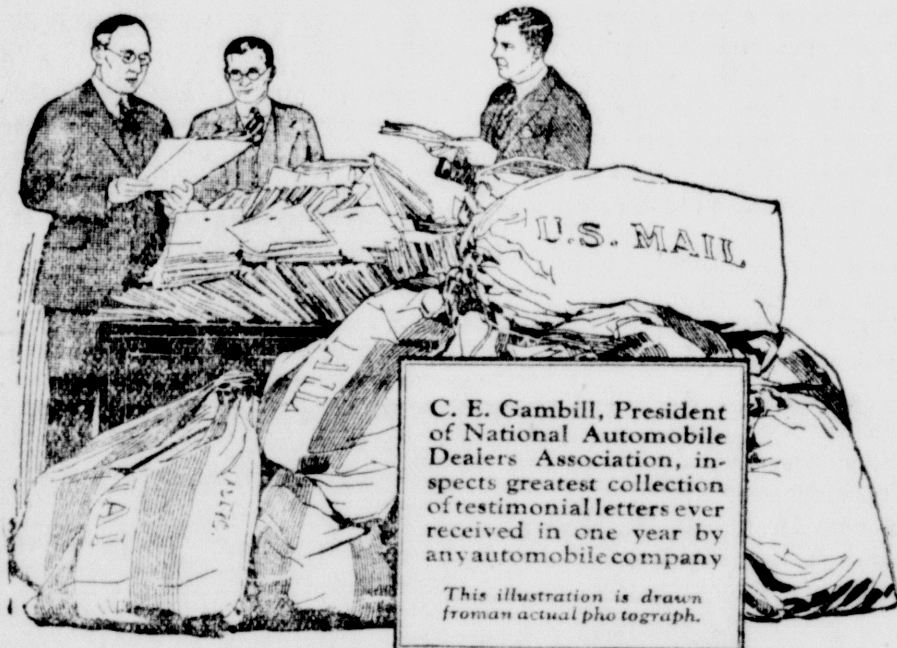

"Life is a pleasure. I can do my work with ease. I give Cardui the praise."

Cardui has relieved many thousands of cases of pain and female trouble, and should help you, too.

and drilled a deep test but the well was a failure. Discouraged over the misfortune, Mr. Johnson contemplated abandoning this territory, but later moved his rig a few miles west and located on the Ray Taylor farm. It was his intention to drill a deep test here. But progress was slow. Numerous obstacles, even to the exhaustion of the water-supply, interfered. But fortune has at last smiled and at this unexpected shallow depth oil at what promises to be in large quantities has been found.

The field will be immediately tested out in every direction.

Reports from the Ina Field are that the Golden West has this week brought in a well north of the Eastham & Tarver No. 1 which is pumping over 200 barrels a day. Development is going ahead rapidly in the Ina Field.

WHY PRINTERS DIE YOUNG.

The flower show had been a great success, and a few evenings later Mr. Blank, who had performed the opening ceremony, was reading the local paper's report of it to his wife.

Presently he stopped reading, his justifiable pride turning to anger. Snatching up his stick, he rushed from the room. Amazed, his wife picked up the newspaper to ascertain the reason of her spouse's fury.

She read: "As Mr. Blank mounted the platform, all eyes were fixed on the large red 'nose' he displayed. Only years of patient cultivation could have produced an object of such brilliance. . . ."—Western Christian Advocate.

THE SECRET'S OUT.

"Wait a minnit; wait a minnit," shouted the Teutonic compo in a well known newspaper office the other day, as one of his colleagues was about to carry away a galley of matter he was correcting.

"Say," he said, as he came up with the galley carrier, "I got a couple of more mistakes to make in that yet."

RAIN NEEDED

"A fine rain now would do a lot of good for the gardens around here, Mike."

"Sure, an hour of it now would do more good in five minutes than a month of it would do in a week any other time."

HOW TRUE!

Pat—"That was a fine sentiment Casey got at the banquet last night."

Mike—"What was it?"

Pat—"He said that 'the sweetest memories in life are the recollections of things forgotten.'"

NOT RIGHT OIL.

Ben Zeen—"I know a good joke about crude oil."

Carry Seen—"Spring it."

Ben Zeen—"It's not refined."

Pete—"Why do you call them the 'nine by twelve' sisters?"

Joe—"You feed them at nine and by twelve they're hungry again."

AUGUSTUS C. ROTHE.

VIOLINIST SAYS SECRET OF OLD MASTERS FOUND.

AUGUSTUS C. ROTHE DECLARES GENIUS OF OLD ITALIANS LAY IN ACUTE HEARING.

The lost art of the old Cremonese violin makers which enabled them to produce instruments that today sell for thousands of dollars and the ownership of which is the ambition of every concert violinist, is not a mystery, according to Augustus C. Rothe, local violin instructor.

The secret, he says after 15 years' research work, was in the ear of the genius who made the violin, not in the method of manufacture he used. For centuries violin makers have endeavored to duplicate the product of the old Italians, without success. They have experimented with different kinds of woods, different shapes of bodies, and some have asserted that the real secret lay in the varnish used.

"The reason they can not duplicate a Stradivarius," said Mr. Rothe Saturday, "is simply because they do not have Stradivarius' wonderfully acute ear. The 'secret' perished, so far as he was concerned, when he died at the age of 93.

"His two sons worked with him in his shop. It is reasonable to assume that if he had any 'secret' method he would have imparted it to them, and that he probably tried to do so. But he could not give them his wonderful ear, and their efforts to continue his work after he died, even in the completion of some of the instruments he had begun, failed. Today violins made by these sons are in existence, but nobody ever hears of them."

Mr. Rothe's theory of making a violin of superior tone is that the maker should have an ear sufficiently sensitive to select the wood used in the manufacture of "sound."

"A person not familiar with the physical theory of sound and not possessed of a highly developed sense of hearing is physically unable to

follow with any degree of correctness the theoretical execution of the method by which alone the desired results are obtainable," he said.

To test his theory Mr. Rothe supervised the construction of a violin by a local maker, and personally selected each piece of wood used in its manufacture. He "listened" to the wood vibrations and selected each part used.

The finished violin, completed about two weeks ago, was a revelation in tone that has excited the enthusiasm of every violinist who has tried it.

One of the violinists who is enthusiastic about the violin is Miss Irene Saathoff, who is scheduled to play before the WOAI microphone Wednesday evening. Miss Saathoff expects to use the new violin at that time, and radio listeners will have opportunity to listen to its tone quality.

Mr. Rothe expects to carry his experiments further and have several violins constructed according to his theory of selection.

A DECISION WANTED.

The big car was speeding toward a railroad crossing when a fast moving freight train came into sight. Immediately the two men in the front seat began an argument as to whether or not they could beat the train.

"Don't get excited," cried the driver. "I tell you I can beat easily."

"And I tell you you can't!" other man shouted. "The train beat us by minutes."

The driver kept increasing speed while the argument continued. Finally, the man in the rear seat who up to this time, had remained quiet, could not stand it any longer and frantically clutched the car.

"Well," he shouted, "I don't hang who wins the race, but I know it ain't no tie."—Judge.

DEALERS

For Comfort's Sake

The Better Buick offers every ordinary motoring comfort, and many that are exclusively Buick: Easier starting—a new, high-speed starting motor does it. Smooth running from the go—Automatic Heat Control is an exclusive Buick feature. Easier steering—Buick's 5-control-surface steering gear is the most expensive and most efficient type today.

For Safety's Sake

Buick surrounds you with every ordinary protection, and then adds Buick protection: Buick dependability, which takes you and brings you back, on time, all the time. Buick mechanical 4-wheel brakes, with no liquid in them to expand, contract or leak away. And Buick Controllable Beam

Headlights, with steering wheel control, which make night driving a pleasure.

For Economy's Sake

No other car has the "Sealed Chassis" and the "Triple Sealed Engine." The "Sealed Chassis" lowers operating costs by enclosing every operating part inside a dirt-proof, oil-tight housing, while "Triple Seals" close every engine point of entry to dirt and the wear dirt causes.

For Value's Sake

At present prices, Buick with all of its added comfort, safety, and economy, is easily the greatest automobile value in the world.

If you want finer transportation at lower cost, come in and see the Better Buick!
